

Davis+Gilbert Insolvency + Finance Webinar | Subprime RMBS Serves as a Roadmap for Future Subprime Auto ABS Litigation

The Davis+Gilbert Insolvency + Finance practice group and authors of *Credit Chronometer* will be presenting a webinar focused on the subprime auto market. Industry players — originators, investors, servicers, trustees and their advisors — will especially find topics discussed of interest.

Overview

Record unemployment could drive the market toward litigation, mirroring the battles over loss allocations related to pre-financial crisis subprime mortgage-backed securities (RMBS), which continue to this day.

Above all else, the pandemic has shown us what happens when there's a failure to plan. This webinar will empower participants with the knowledge of how nearly a decade of subprime RMBS litigation will likely be relied on by courts and litigants in subprime auto ABS disputes, including:

- Claims, defenses and legal standards
 - Procedural peculiarities
 - Protective and preparatory measures
-

Special Guest:

- Todd Krell, *Managing Director*, CrossCheck Compliance
-

Davis+Gilbert Speakers:

Joseph Cioffi, Chair, Insolvency + Finance
Seiji Newman, Partner, Insolvency + Finance

WEBINAR DETAILS

Date: Wednesday, July 15, 2020
Time: 1:00 p.m. (EDT)
Location: Webinar

About Credit Chronometer:

Economic, political and legal events impact loan and credit markets, each time moving us closer or farther away from a cycle's end, a crisis' beginning or the next boom. From the perspective of lawyers and other professionals who have lived through past cycles, Credit Chronometer™ is an award-winning blog dedicated to analyzing the effects of these events on future performance and participants' legal exposure.

Receive the latest credit market insights right to your inbox, and be sure to receive our second annual 360-degree market study "Participants' Expectations in a Time of Crisis".
