

ThinkLA | Hot Topics in Privacy and Data

Gary Kibel, Davis+Gilbert Privacy + Data Security partner, will speak during a session titled "Hot Topics in Privacy and Data" at ThinkLA in Los Angeles on November 13.

Session Overview

This program will discuss many of the hottest issues in the privacy and data security world, including GDPR in the European Union, CCPA in California, other states with enacted and pending laws, action on the federal level and self-regulatory compliance. These issues impact not only the marketing industry, but any business that collects or processes personal information.
