

New York City Bar Association's Privacy & Data Security Law Program | California Law and Digital Media

Gary Kibel, Davis+Gilbert Privacy + Data Security partner, is the Program Chair of the New York City Bar Association's Privacy & Data Security Law program and will speak during a webinar session titled "California Law and Digital Media" to be held on April 9.

Program Overview

Privacy and data security issues continue to be primary concerns for every industry. The security threats keep increasing, and the legislative/regulatory landscape on the federal, state and international levels keep changing. This session will provide an overview of the latest issues in privacy and data security law, including:

- Overview of the CCPA & CPRA
- Digital media industry response
- Additional state laws
