

Seton Hall Law's Data Privacy and Security Compliance Certificate Program | Interactive Case Study/Tabletop – Privacy By Design

On June 17, Davis+Gilbert Privacy + Data Security associate [Zachary Klein](#) will speak during a webinar titled "Interactive Case Study/Tabletop — Privacy By Design" during Seton Hall Law's Data Privacy and Security Compliance Certificate Program.

Session Overview

This panel will cover "Privacy by Design" concepts that companies should incorporate into their products and services. It will discuss the seven foundational Privacy by Design principles, potential privacy violations and harms to watch out for, and a range of controls to mitigate privacy risks. The discussion will be followed by an interactive tabletop exercise that will give the participants an opportunity to practice applying the Privacy by Design concepts to the rollout of a fictitious online service.
