

ThinkLA | Return To Work: Discussion and Townhall

On October 21, Davis+Gilbert Labor + Employment partner [Jessica Golden Cortes](#) will speak during a panel titled "Return to Work: Discussion and Townhall," hosted by ThinkLA.

Session Overview

It's one thing to want to bring everyone back to the office, but actually doing it is an entirely different beast. Can you legally mandate vaccinations? How do you stagger staff attendance? And what about employees who never want to come back? Oh, and how the &*@#do we fill all these open positions?

ThinkLA will bring together industry human resources experts, agency leaders and, yes, a labor attorney to talk about all the issues that surround "return to work".
